BREAKING: Patrick Byrne, PhD & Founder of [Overstock.com](#), says that based on what he's seen, forensically, he is "100% confident" that the election was rigged. States that he's had the evidence for 15-16 days. "I could get in front a judge, and if I could bring a couple

of hackers & explain things in my own language, there is no honest judge in America who wouldn't get it. It's open & shut.

We have a bunch of retired law enforcement, military intelligence & other forms of intelligence ... we even have retired judges advising."

Byrne goes on to say that he is currently working to communicate all of this information to lawyers [ie. [@SidneyPowell1](#)] to help them understand precisely what happened so that it can be accurately explained & presented utilizing the legal process. Focus is on 6 counties. 🇺🇸

Not to sound like a broken record, but for those of you able to do so, please consider donating to [@SidneyPowell1](#)'s defense fund. Criminal cases are extremely expensive & her efforts are being funded independently & at the grassroots. Her team will need resources. Mine below 🇺🇸👉
